

REMEMBER ... **CALL 811** BEFORE YOU DIG

AN ALLETE COMPANY

Superior Water Light & Power cares about the safety of you and your family. With the arrival of spring, SWL&P wants to remind customers who are planning to dig in the yard, begin a construction project or engage in any other earth-moving activity, to **call Wisconsin's Diggers Hotline at 811.**

By calling 811, residents can have underground utility lines in the work area located and identified at no cost to you. It's a simple call that can help avoid unintended consequences such as injury to you or your family, damage to your property, utility service outages and costly repairs associated with damaged lines.

SUPERIOR WATER, LIGHT & POWER

Great service. Even better.
